

PUBLIC POLICY INTERNSHIP

Location: In person in Charleston, SC or Remote | Unpaid | Experience: College Student

The Alliance for Innovation and Infrastructure (Aii) seeks a proactive Public Policy Intern to support development, day-to-day tasks, and execution of Aii's research and educational mission.

What you get from us	What we expect from you
<ul style="list-style-type: none">- Published works on multiple outlets including our website and social media platforms- Exposure to the workflow of a research-centered nonprofit- Experience working with public policy material and on collaborative teams	<ul style="list-style-type: none">- Draft blog posts, articles, OpEds, and other external communications- Create advocacy materials, including social media posts and issue briefs- Intellectually curious mindset and eagerness to gain professional experience

The ideal candidate will be highly organized, research- and task-oriented, and enjoy working in a collaborative space. We are looking for someone who is intellectually curious, able to manage multiple projects, and meet deadlines. While the position is unpaid, it provides opportunities for publications, networking, and experience in a national think tank. This position is flexible, part time, and provides the opportunity to work remotely if needed.

Eligibility

- Current undergraduates in Business, Economics, Political Science, Public Administration, Pre-Law, Communications, Journalism, or similar
- Strong writing and editing skills
- Research skills and interest in public policy and law

To Apply

Looking to make your mark on our national work? Join us! Just send a PDF copy of your resume and a cover letter highlighting your experiences and why you should be considered for this internship role to Aii's Media Coordinator John Cassibry at jcassibry@aii.org.

About Aii

The Alliance for Innovation and Infrastructure is an independent, national research and educational organization dedicated to identifying infrastructure related needs, creating awareness of those needs, and identifying innovative solutions to successfully address public policy challenges. Aii strives to promote proven, innovative technologies and higher safety standards to achieve a safer environment in our communities.
